

Specialty Services

Rocky Mountain Care of Logan takes great pride in our staff and the care provided to our residents. We cultivate an environment of caring professionalism in which each resident is welcomed and cared for.

Our residents come to us with many different needs—and we can help them all! We successfully and quickly treat a variety of conditions ranging from orthopedics, stroke, post-surgical, and other debilitating causes of weakness and neurological loss. Our goal is to help each resident reach their goals and get back to living their lives to the fullest extent possible.
